Index to Volume 34, 1971

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the Society of British Neurological Surgeons

ABROMS, I. F., YESSAYAN, L., SHILLITO, J., and BARLOW, C. F.: Spontaneous intracerebral haemorrhage in patients suspected of multiple sclerosis, 157
Abscess, epidural, spinal, induced by chemical material from epidermoid cyst, 297
Acrylamide neuropathy, motor and sensory nerve conduction velocity changes during, in baboon, 415
ADELOYE, A., and ODEKU, E. L.: Epilepsy after missile wounds of the head, 98
Adenoma, pituitary, with arteriographic abnormal vascularization, prognosis of, 535
Affective disorders, cerebrospinal fluid cortisol concentration in, 432
— —, ^{14}C-5-hydroxytryptamine uptake and release by platelets in, 224
Afferent nerve baroreceptor block in orthostatic hypotension with Holmes-Adie syndrome, 562
— tract, paramedullary, after transection of thoracic spinal cord, electrodermal evidence for, 281
AGARWAL, G. C. *See* GOTTLIEB, G. L., and AGARWAL, G. C.
Akinetic mutism and bilateral anterior cerebral artery occlusion, 693
Alcoholic myopathy, clinical and biopsy study in chronic patients without muscle weakness or wasting, 86
Alpha methyl dopa hydrazine treatment, effect of L-dopa in Parkinsonism during, failure of vitamin B_6 to reverse, 682
Amine metabolites in CSF, increase in relation to therapeutic effect of levodopa in Parkinsonism, 219
Aneurysms, cirsoid, of scalp, familial, 664
— of posterior communicating artery, ruptured, treatment by common carotid ligation, 576
Angioblastic meningioma with hepatic metastasis, 541
Angiography, carotid, artificial slow flow, subtraction techniques with (P), 107
ANSEL, R. *See* MARSH, G. C., MARKHAM, C. M., and ANSEL, R.
Anticoagulant therapy, posterior fossa subdural haematoma associated with, 82
ANTUNES, J. LOBO-. *See* LOBO-ANTUNES, J.
Aphasia after closed head trauma, 265
— and hemispheric locus of lesion in unilateral cerebral disease, relation of body schema disturbances to, 496
Arachnoid cysts, cerebral, in children, 316
ASHBY, P., and BURKE, D.: Stretch reflexes in the upper limb of spastic man, 765
Asphyxial block of ulnar nerve, motor paralysis during, 51
Ataxia and hypothyroidism, pathological findings in case of, 755
AUSTEN, R. B. GODWIN-. *See* GODWIN-AUSTEN, R. B.

BACON, P. A., and SMITH, B.: Familial muscular dystrophy of late onset, 93
BANNA, M., PEARCE, G. W., and ULDALL, R.: Scoliosis: a rare manifestation of intrinsic tumours of the spinal cord in children, 637
BARLOW, C. F. *See* ABROMS, I. F., YESSAYAN, L., SHILLITO, J., and BARLOW, C. F.
BARNARD, R. O., CAMPBELL, M. J., and MCDONALD, W. I.: Pathological findings in a case of hypothyroidism with ataxia, 755
BARNES, J. *See* HUNTER, R., BARNES, J., CURZON, G., KANTAMANENI, B. D., and DUNCAN, C.
BARTLETT, J. R.: Craniopharyngiomas—a summary of 85 cases, 37
BEHSE, F., and BUCHTHAL, F.: Normal sensory conduction in the nerves of the leg in man, 404
BEKS, J. W. F., and KERCKHOFFS, H. P. M.: Relationship between intracranial pressure and water content of the brain in experimental brain oedema (P), 109
BELIN, J., PETTET, N., SMITH, A. D., THOMPSON, R. H. S., and ZILKHA, K. J.: Linoleate metabolism in multiple sclerosis, 25
BENDER, M. B. *See* GORDON, R. M., and BENDER, M. B.
BENJAMIN, S. *See* GARDNER-THORPE, C., and BENJAMIN, S.
BENJAMIN, V. *See* RANSOHOFF, J., and BENJAMIN, V.
BENTAL, E. *See* SHARF, B., and BENTAL, E.
BENTON, A. L. *See* SAUGUET, J., BENTON, A. L., and HÉCAEN, H.
BEVAN-JONES, A. B. *See* SHAW, D. M., MACSWEENEY, D. A., WOOLCOCK, N., and BEVAN-JONES, A. B.
BISHARA, S. N.: The posterior operation in treatment of cervical spondylosis with myelopathy: a long-term follow-up study, 393
Blindness, cortical, long-lasting, visual reactions in, 140
Blink reflex in Parkinsonism, electrophysiological studies before and during therapy, 674
BLOCK, J.: Visual impairment in 'low pressure' hydrocephalus (P), 107
Blood flow, cerebral, and distal intravascular pressure changes after common carotid artery ligation, 78
— —, —, effect of intracranial hypotension, 687
— —, —, regional, correlation with anatomicopathological data (P), 108
— —, —, —, response to stimulation of cervical sympathetic nerve, 602
— platelets, ^{14}C-5-hydroxytryptamine uptake and release by, in affective illness, 224
Body schema disturbances in unilateral cerebral disease in relation to language impairment and hemispheric locus of lesion, 496

Cerebellar dysfunction (olivopontocerebellar degeneration?) associated with Parkinsonism, effect of L-dopa, 14
Cerebral arachnoid cysts in children, 316
— artery, anterior, bilateral occlusion of, and akinetic mutism, 693
— —, middle, occlusion of, clinico-radiological study of collateral circulation after, 163
— blood flow and distal intravascular pressure changes after common carotid artery ligation, 78
— — —, effect of intracranial hypotension, 687
— — —, regional, correlation with anatomicopathological data (P), 108
— — —, —, response to stimulation of cervical sympathetic nerve, 602
— cortex, focal dysplasia of, in epilepsy, 369
— —, gaseous metabolism in, effect of carbon dioxide inhalation during ischaemia in baboon, 481

— disease, corneomandibular reflex in, 236
— —, unilateral, body schema disturbances in relation to language impairment and hemispheric locus of lesion in, 496
— lesions, discrete, flexor reflexes in, 622
— oedema, experimental, relationship between intracranial pressure and water content of brain in (P), 109
Cerebrospinal fluid amine metabolites, increase in relation to therapeutic effect of levodopa in Parkinsonism, 219
— —, cortisol concentration in affective disorders, 432
— — dynamics in spontaneous canine hydrocephalus, 308
— — homovanillic acid and 5-hydroxyindoleacetic acid levels, effect of oral folic acid, 571
— — pressure, response to hyperbaric oxygenation, 580
— — — wave, influence of circulation on (P), 108
— — rhinorrhoea, sphenoidal defects as possible cause of, 739
Cerebrovascular anomalies, cryotherapy in, experimental and clinical study (P), 105
— disease, acute controlled hypotension and EEG in, 300
Cervical spondylosis causing vertebrobasilar insufficiency, surgical treatment of, 388
— — with myelopathy, posterior operation for, long-term follow-up of, 393
— sympathetic nerves, stimulation of, response of regional cerebral blood flow to, 602
CHAWLA, J. C. *See* HULME, A., CHAWLA, J. C., and COOPER, R.
Choroid plexus, telencephalic, symptomatic cysts of, 324
Circulation, cerebral, collateral, after internal carotid and middle cerebral occlusion, clinico-radiological study of, 163
—, influence on CSF pressure wave (P), 108
Cirsoid aneurysm of scalp, familial, 664
Cockayne's syndrome, case of, 171
Communicating artery, posterior, ruptured aneurysms of, treatment by common carotid ligation, 576

No. 1 FEBRUARY 1971 *Page*

Geniculate hemianopia: incongruous homonymous field defects in two patients with partial lesions of the lateral geniculate nucleus CARL H. GUNDERSON and WILLIAM F. HOYT 1
Vasopressin test in cases of optic atrophy and optic neuritis P. O. LUNDBERG, P. O. OSTERMAN, and L. WIDE 7
Treatment of ocular myasthenia with corticotrophin F. B. GIBBERD, F. NAVAB, and C. L. SMITH 11
L-Dopa in Parkinsonism associated with cerebellar dysfunction (probable olivopontocerebellar degeneration) HAROLD L. KLAWANS, JR., and EARL ZEITLIN 14
Transitory procaine-induced Parkinsonism F. GJERRIS 20
Phosphoribosyl transferase activity in normal subjects, gout patients, and children with mental retardation CHRISTINE EYRE, A. N. DAVISON, and J. T. SCOTT 23
Linoleate metabolism in multiple sclerosis J. BELIN, N. PETTET, A. D. SMITH, R. H. S. THOMPSON, and K. J. ZILKHA 25
Urine concentration in depressive illness G. G. ELLIS, ALEC COPPEN, and A. I. M. GLEN 30
A study of a respiratory related variation of muscle tone during the decrement of decerebrate tonicity in ECT P. C. C. TRESISE 32
Craniopharyngiomas—a summary of 85 cases J. R. BARTLETT 37
Neuropathy associated with lymphoma J. C. WALSH 42
Motor paralysis during asphyxial block of the ulnar nerve D. C. SINCLAIR, A. B. MATHESON, and W. G. SKENE 51
Observations on the responses of muscle to mechanical and electrical stimuli J. C. MEADOWS 57
Diagnosis and treatment of thoracic intervertebral disc protrusions JAMES CARSON, JOHN GUMPERT, and ANTONY JEFFERSON 68
Observations on distal intravascular pressure changes and cerebral blood flow after common carotid artery ligation in man A. E. HOLMES, I. M. JAMES, and C. C. WISE 78
Posterior fossa subdural haematoma associated with anticoagulant therapy T. CAPISTRANT, R. GOLDBERG, H. SHIBASAKI, and D. CASTLE 82
Reappraisal of alcoholic myopathy AMIN A. FARIS and MARCELINO G. REYES 86
Familial muscular dystrophy of late onset PAUL A. BACON and BARBARA SMITH 93
Epilepsy after missile wounds of the head ADELOLA ADELOYE and E. LATUNDE ODEKU 98
Proceedings of the Society of British Neurological Surgeons 104
Book reviews 110

No. 2 APRIL 1971

Fast and slow twitch units in a human muscle R. E. P. SICA and A. J. MCCOMAS 113
Electrophysiological estimation of the number of motor units within a human muscle A. J. MCCOMAS, P. R. W. FAWCETT, M. J. CAMPBELL, and R. E. P. SICA 121
Electrophysiological study of dystrophia myotonica A. J. MCCOMAS, M. J. CAMPBELL, and R. E. P. SICA 132
Visual reactions in a case of long-lasting cortical blindness J. W. G. TER BRAAK, V. W. D. SCHENK, and A. G. M. VAN VLIET 140
Epidemiology of headache and migraine in women W. E. WATERS and P. J. O'CONNOR 148
Insulin induced hypoglycaemia in migraine JOHN PEARCE 154
Spontaneous intracerebral haemorrhage in patients suspected of multiple sclerosis I. F. ABROMS, L. YESSAYAN, J. SHILLITO, and C. F. BARLOW 157
Clinico-radiological study of collateral circulation after internal carotid and middle cerebral occlusion M. GADO and JOHN MARSHALL 163
Cockayne's syndrome: case report L. CROME and G. C. KANJILAL 171
Lymphocyte sensitization to nervous tissues and muscle in patients with the Guillain-Barré syndrome E. A. CASPARY, S. CURRIE, J. N. WALTON, and E. J. FIELD 179
The syndrome of isolated epileptic status J. M. OXBURY and C. W. M. WHITTY 182
Motor neurone disease BHAGWAN SHAHANI, G. A. B. DAVIES-JONES, and W. RITCHIE RUSSELL 185
Performance on delayed response tasks by patients with Parkinsonism DAVID J. DE LANCY HORNE 192
Relation of hypermagnesaemia to activity and neuroleptic drug therapy in schizophrenic states C. J. BRACKENRIDGE and IVOR H. JONES 195
Book reviews 700
Notice: Postal strike 120

Contents *Page*

No. 3 JUNE 1971

Levodopa's awakening effect on patients with Parkinsonism GAYLE G. MARSH, CHARLES M. MARKHAM, and ROBERT ANSEL 209
Comparison of benefit from L-dopa in Parkinsonism with increase of amine metabolites in the CSF R. B. GODWIN-AUSTEN, B. D. KANTAMANENI, and G. CURZON 219
Uptake and release of ^{14}C-5-hydroxytryptamine by platelets in affective illness DAVID M. SHAW, DAVID A. MACSWEENEY, NORMAN WOOLCOCK, and A. B. BEVAN-JONES 224
Effects of initial conditions on the Hoffman reflex GERALD L. GOTTLIEB and GYAN C. AGARWAL 226
Hamstrings stretch reflex in human spasticity DAVID BURKE, J. D. GILLIES, and JAMES W. LANCE 231
The corneomandibular reflex ROBERT M. GORDON and MORRIS B. BENDER 236
Sensory conduction from digit to palm and from palm to wrist in the carpal tunnel syndrome FRITZ BUCHTHAL and ANNELISE ROSENFALCK 243
Peripheral neuropathy after disulfiram administration CHRISTOPHER GARDNER-THORPE and SIDNEY BENJAMIN 253
Clinical observations on sensory effects of trigeminal dorsal root section ADOLFO LEY and JOSÉ MA. GUITART 260
Closed head trauma and aphasia KENNETH M. HEILMAN, ARTHUR SAFRAN, and NORMAN GESCHWIND 265
Late results of bulbar trigeminal tractotomy D. MOFFIE 270
Visually evoked responses in multiple sclerosis E. T. RICHEY, K. A. KOOI, and W. W. TOURTELLOTTE 275
Analysis of electrodermal evidence for a paramedullary afferent tract in patients with a transection of the thoracic spinal cord MARCUS J. FUHRER 281
Some observations on the fluttering midline echo in echoencephalography D. N. WHITE and C. O. JENKINS 289
Chemical epidural abscess: case report N. VIJAYAN and P. M. DREYFUS 297
Acute controlled hypotension and EEG in patients with hypertension and cerebrovascular disease P. HARMSEN, J. KJÆRULFF, and E. SKINHØJ 300
Spontaneous canine hydrocephalus: cerebrospinal fluid dynamics A. SAHAR, G. M. HOCHWALD, W. J. KAY, and J. RANSOHOFF 308
Cerebral arachnoid cysts in children M. J. G. HARRISON 316
Symptomatic cysts of the telencephalic choroid plexus CHARLES R. NEBLETT and JOSEPH W. ROBERTSON 324
Recognition and naming of object-drawings by men with focal brain wounds FREDA NEWCOMBE, R. C. OLDFIELD, G. G. RATCLIFF, and W. WINGFIELD 329
Fatal encephalopathy complicating lymphoid interstitial pneumonia MICHAEL JEFFERSON, D. RIDDOCH, and W. THOMAS SMITH 341
Histochemically demonstrable fibre abnormalities in normal skeletal muscle and in muscle from carriers of Duchenne muscular dystrophy C. J. MORRIS and J. A. RAYBOULD 348
Sensitized lymphocytes in muscular dystrophy: evidence for a neural factor in pathogenesis E. A. CASPARY, S. CURRIE, and E. J. FIELD 353
Pancreatic encephalopathy B. SHARF and E. BENTAL 357
Note on the value of Frenzel's glasses for the recognition and qualitative evaluation of spontaneous nystagmus H. H. TSCHANG and M. SPENCER HARRISON 362
Book reviews 367

No. 4 AUGUST 1971

Focal dysplasia of the cerebral cortex in epilepsy D. C. TAYLOR, M. A. FALCONER, C. J. BRUTON, and J. A. N. CORSELLIS 369
Cervical spondylosis causing vertebrobasilar insufficiency: a surgical treatment DONALD R. SMITH, GARY D. VANDERARK, and LUDWIG G. KEMPE 388
The posterior operation in treatment of cervical spondylosis with myelopathy: a long-term follow-up study S. N. BISHARA 393
An investigation of experimental myasthenia gravis S. F. JONES, J. L. BRENNAN, and J. G. MCLEOD 399
Normal sensory conduction in the nerves of the leg in man FRIEDRICH BEHSE and FRITZ BUCHTHAL 404
Motor and sensory nerve conduction velocity in the baboon: normal values and changes during acrylamide neuropathy A. P. HOPKINS and R. W. GILLIATT 415

FOR ROUND THE CLOCK CONTROL IN MYASTHENIA GRAVIS

UBRETID®

distigmine bromide

The adjunctive anticholinesterase therapy that provides the patient with

- Smoother control with more mobility
- The prolonged effect (over 24 hours) means an evening dose is often effective on wakening
- Fewer gastro-intestinal side-effects
- Reduction in frequency and quantity of other medication

Full details available on request.

BRITISH POSTGRADUATE MEDICAL FEDERATION—UNIVERSITY OF LONDON

INSTITUTE OF NEUROLOGY

(QUEEN SQUARE, LONDON, W.C.1)

ASSOCIATED WITH THE NATIONAL HOSPITAL, QUEEN SQUARE, AND THE HOSPITAL FOR NERVOUS DISEASES, MAIDA VALE

The Institute provides postgraduate training in the various departments of Neurology.

The Out-Patient Practice is open at 10 o'clock at QUEEN SQUARE every day (except Saturday). A fee of **£5·25** per month is charged for attending the Out-Patient Department only.

The In-Patient Practice at Queen Square and Maida Vale is open at 10 a.m., and a limited number of clinical clerks are appointed at both Hospitals. Fees: three months, **£62·50** six months, **£125.**

Whole-time courses of instruction are given during the Autumn, Winter and Summer terms. Besides these, teaching in the various neurological disciplines goes on throughout the year together with Clinical Demonstrations every Wednesday afternoon and Saturday morning as advertised in the Medical Journals.

Application should be made to the Dean at the Institute, REGINALD KELLY

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper, M.B., F.R.C.P., (EDIN.), F.R.C. PSYCH.

St. Andrew's Hospital is a private psychiatric hospital situated in 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of all forms of psychiatric illness. In addition, there is accommodation mainly in private rooms, both in the main hospital and in various villas, for longer stay patients and geriatric patients.

The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc.

Fees range from £31·50 per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges.

Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton (Tel: Northampton 34354), who can be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1.

PSYCHIATRISTS

Certified, one with interest in children urgently needed to join an established group of five psychiatrists. Early partnership if mutually compatible. Eclectic orientation and broad therapeutic programs already exist. Excellent salary; no expenses or overhead. Progressive, pleasant environment.
